<b>Content</b>	Raymond Wong has been studying the construction practices of Hong Kong and China for more than 20 years. Last summer, he has been to UK for a few weeks to continue his field studies with a focus on urban development and various construction project cases.  After his returning from the trip, he thinks of a new seminar title to share

CPD Seminar: **A tale of 3 places – An Update / Review of Contemporary Construction Practice and Safety in Hong Kong, China and UK**  
 香港、中國及英國 – 建築實踐及安全的更新及回顧

Date: 31 May 2018 (Thursday)

Time: 19:00 to 22:00 (Registration Start at 18:30)

	with his professional fellows. He will summarize and make a presentation to illustrate the contemporary construction practice in these 3 places that he is quite familiar, in particular Hong Kong and China. In this talk he will highlight the common practice as well as the differences in the use of construction techniques and work set-up when handling construction projects especially for those with a relatively large-scale and complex nature.
